You are a shining star...

For the second year in a row, Bluegrass and KY STARS have pooled our talents and resources in order to offer you a wonderful conference experience. We live in both challenging and exciting times.

Whether you are a consumer, family member, provider or someone interested in learning more about the Recovery movement, this conference has much to offer. Morning workshops will focus on topics such as the power of peer support, the importance of maintaining good physical health, navigating an ever-changing mental health system and the importance of fun in our lives. Learn about recovery programs in our state from our vendors and exhibitions.

As always, this conference is a wonderful opportunity to share YOUR recovery stories and meet others in the state who are writing their own recovery stories.

Recovery is real! Millions of Americans have recovered from mental and substance use disorders and are living lives with purpose and meaning. Join us in celebrating the reality of recovery.
